hp.com/go/mediasolutionslocator
- Printing Temp : Temperature 15 ~ 30°C (59 ~ 86 °F) / Humidity 30 ~ 60%
- Lamination : Optional
- Storage : Recommended to store in closed original packing in a cool 10 ~ 30°C (50 ~ 77 °F) and dry environment.
(Humidity 35 ~ 65% RH)
- Shelf Life : One year, stored in original packing at recommended temperature

* Cautions

- For outdoor use, the product must be used with lamination film to have durability and stable color expression.
- Be cautious about reverse curling when used with lamination film (PVC) caused by contraction.
- When printing with Latex 300 Series printer, recommended to set proper pass and adjust heating temperature according to ink injection quantity (This is to prevent material's deformation by heat and low drying issue)

Information provided here is subject to our test criteria and subject to change without prior notice. No media warranty is implied. All material should be tested by purchaser to determine final suitability. Printer and ink change may affect results.
